Grow an ecosystem of innovation creating new products, capabilities & workforce opportunities.

Values

Implement By TECKpert® Build Your Digital Future

Technical Staffing Services

IT Staff Augmentation

Our Staff Augmentation service is tailored to meet the specific needs of each client. We utilize our pipeline to attract, train, and manage technical teams to augment yours. US based, technical professionals are ready to fill the skills gap at your organization today.

Direct Hire

Our team ensures that only the most competent and skilled professionals are presented for consideration, employing a rigorous screening process.

Temp-to-Hire

Optionally, you can convert augmented personnel to a permanent employee after a trial period. This staffing solution is ideal for organizations that want to ensure a good fit with a candidate before making a long-term commitment.

Project Solutions

Fractional Services

If your organization is in transition or requires leadership on a short-term or interim basis, TECKpert provides proven and agile Fractional Leadership: CTOs, CIOs, CMOs, & Project Managers.

Project-Based Teams

TECKpert's Project-Based Implementation Service offers a versatile solution where our in-house teams are deployed to handle various technical projects, including website design & development, as well as software development and DevOps, for our clients. We leverage our internal capabilities in staffing to put the right teams in place ensuring successful project delivery.

Software Modernization

TECKpert's Software Modernization solution is a comprehensive offering designed to help organizations upgrade and modernize their legacy software systems. Our approach involves leveraging the latest technology & industry best practices to streamline and optimize software systems for peak performance, scalability, and security.

Assessment by TECKpert®

Not sure where to begin? Use Assessment by TECKpert® to gain insights into your IT infrastructure, software applications, cybersecurity, and digital transformation readiness. Our expert consultants will assess your current environment and identify gaps, threats, & opportunities for improvement. With our tailored recommendations, you can maximize your organization's potential, improve efficiency, & achieve your objectives. Gain the insights you need to make informed decisions, become more agile, and stay ahead of the competition.

Types of Assessments: IT | Digital Transformation | Application | Cyber

"I founded TECKpert with a clear vision in mind - to provide public and private organizations with the most advanced technology solutions and top-tier talent, all while focusing on innovation and exceptional customer service. Since 2009, we've had the privilege of collaborating with countless organizations, delivering tech talent that has truly made a lasting impact on their missions. Our pride stems from being their trusted digital partners, and we extend that same commitment to you. Join us on this exciting journey as we strive to be the driving force behind your digital success."

Adrian Esquivel, CEO
